Thanks for a good call this morning, all. As promised, attached is a copy of the response to comments document with Saturdays Date (we will make it the Ground Hogs Day Edition because I used today's date on the last version). Please let others know when you are working on this document by emailing everyone to say that you are checking it out (and then email everyone to check the revised version back in).

Please let me know if you have additional questions.

Thanks again, and Happy February Fools Day!

Glenn

Great conf call today, even with the ECHO-Echo-echo problem. Probably would help if at least you noted the name of the file of the original draft that each person commented on. For example, Deirdre's comments are in file: Additivity Report 10-29-18-dlm_rh.docx I do not know which file has Axelrad's comments, or Raffaele's.

thanks. I hope to send you some text on the MOE comments within a few days.
A good weekend everyone. I am NOT going to any superbowl events! Nor likely to watch the game either.
Maybe a nice hike in the mountains?
